Check Signers

Electronic Check Audit System with Check Protector/Signer

With the security of a separate signature system and the convenience of a computer interfaced system, the Certes 3200 sits between your computer and laser printer. Many features with lots of security. [\[Product Details...\]](#)

Hedman EDP-Plus Continuous Form Check Signer

This is a traditional tractor feed check signer with programmable signature position to fit any size check. Double key, removable signature plates and dual counters provide security. Price includes signature set and tri-color printing. [\[Product Details...\]](#)

Widmer Model RS Laser Check Signer

Signs laser printed checks at up to 200 checks a minute. Password and double key-lock protection and snap out signature plates provide security. Easy to setup and use. Price includes one signature plate and your choice of black or tri-color ink roller. [\[Product Details...\]](#)
