The company is out of  
compliance with labor laws

There's way too much  
"buddy punching" going on

"Real-Time" payroll reports  
are weeks old

Employee paid time off  
policies are a mystery

Employees are afraid to enter  
the payroll office at the end  
of the pay period

**Attendance On Demand** helps organizations:

**Reduce effort** by automating time capture and pay calculations  
**Improve productivity** by streamlining processes  
**Support timely, informed decision making**
