Asure ID 2009

Asure ID 2009

Now Available! [Download Asure ID 2009 Trial](#)

Asure ID 2009 is a complete line of card personalization software that is simple to learn and is loaded with useful features to improve the issuance and management of photo IDs for any type or size of organization. Featuring a highly intuitive user interface that utilizes a familiar Microsoft® Ribbon look-and-feel, Asure ID 2009 is built on the Microsoft .NET technology platform for stability and interoperability.

Available in four editions, with increasing levels of sophistication, Asure ID can help users make simple photo IDs all the way up to highly secure smart card credentials.

- Asure ID Solo - Intuitive, entry-level card personalization software.
- Asure ID Express - Easy-to-use, standalone card personalization software.
- Asure ID Enterprise - Networkable edition allows multiple workstations to share a common database.
- Asure ID Exchange - Designed for sophisticated secure credential applications, this networkable edition provides advanced smart card functionality.
